# WHAT YOU CAN DO ABOUT PIMPLES

**Acne, Blackheads, and other externally caused Skin Blemishes**

**W**HEN pimply skin is your problem, the first thing to get straight is that you *can* and *should* do something about it. To develop the attractiveness of your face is not mere vanity. It is an "open sesame" towards bringing the real YOU closer to other people and giving your personality the poise and confidence it needs. Your good qualities — intelligence, character, dignity — all go to naught... are completely cancelled out by a skin that "nobody loves to touch." Remember, the YOU that people see first is your face.

## SKIN PROBLEMS

### DEMAND IMMEDIATE CARE

Medical statistics tell us that blemished skin usually occurs from adolescence on through adult life. The problem at the adolescent stage is serious enough to deserve attentive care as a family matter. In adulthood, when life's responsibilities are so much weightier, it is doubly important to exert great effort to eliminate these blemishes. And, there is no better time to get pimples under control than now.

### DON'T ABUSE SKIN

The first instinctive reaction to pimples and blackheads is to squeeze them out with your fingers. A bit of experimentation along these lines soon provides convincing proof that this succeeds only in inflaming your skin and spreading the infection. Under no circumstances should pimples and blackheads ever be squeezed.

## MICROSCOPE SHOWS IMPORTANT BASIS FOR EXTERNALLY CAUSED PIMPLES AND BLACKHEADS

Let's take a look through the microscope to see what's behind those unsightly pimples. The high-powered lenses show your skin coated with a covering which originated from two sources—one, internally and the other, externally.

The internal substances on your skin include dead cells, residue from the sweat glands, and a high quantity of oil excreted by the sebaceous glands. A most important factor in skin disorders occurs when thousands of these tiny sebaceous glands discharge more oil than the skin can use for lubrication. Unless special care is given, the oil forms a heavy film which attracts foreign matter to your skin much as any oil mop picks up dust. These infectious external substances may be classified into three general groups:

1. Airborne materials such as dust, pollens, condensation products of smoke, vapors, etc.
2. Materials brought in contact with the skin, such as tiny fragments of clothing, bedding, cosmetics.
3. Micro-organisms such as bacteria and fungi.

See the difference between a healthy skin and a pimply skin in the microscopic reproductions below.

A.

Normal skin

B.

Sick, pimply skin

Diagram A shows a normal-size, smoothly functioning sebaceous gland. Diagram B pictures sick, pimply skin. Notice that the sebaceous gland is a swollen mass of trapped oil, waste and infectious bacteria.

### TRY THIS SENSIBLE WAY

Two sensible aims to achieve in controlling this skin condition are: to clear the pores of clogging matter, and to inhibit the excessive oiliness of the skin. Toward these ends, Dornol Products' research makes available two formulas. One is to aid in thorough cleansing by highly detergent penetration which simplifies the removal of waste and foreign matter. The other is to discourage oiliness with clinically-proved ingredients, and to kill infec-

tious bacteria often associated with externally caused pimples and blackheads.

### BLEMISHES COVERED UP

To remove the distressing embarrassment of these skin blemishes, the second Dornol formula exerts a "cover-up" action on your broken out skin while the medication does its work. This, plus its pleasant odor, will spare you the mental distress which is associated with unsightly, malodorous, medicated preparations. Imagine! You can apply this Dornol formula to your skin by day and face the immediate present with greater confidence in your appearance, while secure in the knowledge that medication is acting to remove old blemishes and keep away new ones. What this "cover-up" action alone is worth in peace of mind is beyond calculation. No longer need prying eyes make you wince with humiliation and misery. Now because of this wonderful feature of the Dornol treatment, you can put your best foot forward... at once!

### SATISFACTION GUARANTEED

OR

### DOUBLE YOUR MONEY BACK

We know what the Dornol treatment has done for others, so we want you to try it at our risk. A few minutes a day invested in our treatment can yield more gratifying results than you ever dared hope for. This is what we say to you: If you are not delighted in every way by the improved condition and general appearance of your skin in just 10 days, simply return the unused portion and we will refund not only the price you paid — but **DOUBLE YOUR MONEY BACK!** Can anything be fairer than that? How'd you like to do the polka with vivacious Betty dressed in her scantiest outfit and these sheer, clinging hose?

Hey, hey, says Betty, lifting a pretty leg and flashing her exciting look.

Curvy  
Coquette

There's no mistake about  
it, Betty's curvy charms  
are impossible to resist.

**B**ETTY HOWELL (they call her Dixie) is the polka-dotted pretty winking at you in all her curvy loveliness. A five-foot-eight red-headed showgirl, Betty's famed on the Main Stem for a pair of the shape-liest legs in the business, a fact you'll certainly buy after casing these pictures, eh there, Rollo? Don't blame you, pal!

# Television Taboos

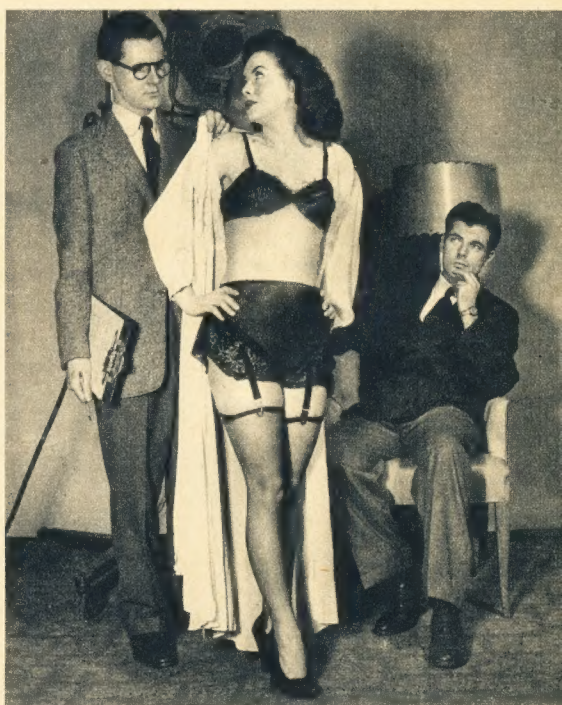

**T**ELEVISION may still be, as they say, in its infancy—but it's a remarkably healthy baby, and the censors are beginning to worry about its morals. Television taboos (things lush young actresses mustn't do) are on the increase. For instance, TV gals can't show too much leg or bust. They can't be seen in flimsy lace dainties. They can't wear too-tight sweaters. And as for kissing—it must be dignified and cool. If the smooching gets as hot as the picture at right, you'll find your TV screen blank. The too-torrid lovers will be blacked out!

**TOO-HOT KISSING** is a major television "Can't Do!" Here she is wearing too little clothing. He isn't allowed to put his hand around her waist. She mustn't swoon.

**TOO-TIGHT SWEATERS** are out! Television officials say they're afraid the public will turn against TV if they relax on what young actresses wear.

**TOO MUCH LINGERIE** is shown—and the producer makes the actress wear a negligee for the scene. Man is permitted to wear dressing gown—if they're married.

**TOO MUCH BUST** is revealed in this shot, as you can see by the shocked expression worn by the director. Also she isn't permitted to adjust her stocking on television.

**TOO-GAY DRINKING** scenes aren't permitted by television censors for fear they'll give the viewers some ideas. The actors mustn't enjoy drinking.

**TOO MUCH LEG** revealed is another taboo. No part of gal's thigh can be screened — unless the whole thigh is shown as in swim suit. Skirt cannot be pulled up.

**TOO MUCH VIOLENCE** between man and gal isn't permitted. Their fights must be strictly vocal. No physical contact between opposite sexes!

Hey, Guys, Look What Just Blew in from

# The **BOLD** Look

An Exclusive  
Peek at What Gals  
Soon Will Wear in  
Broad Daylight —  
If They Dare

Here's the Inverted V,  
a shocking importa-  
tion you'll soon see.

The Window Shade outfit goes with abbrevia-  
ted dress and cord can pull shade up or down.

**W**ELL!! Guess what happened? While everybody was yacking it up about the merits of the New Look vs. the Old Look, those ever-alert fashion designers in Paris were hard at work whipping up next year's fashions. You probably won't be surprised to learn that they're called the Bold Look. Already the Parisian chicks are creating something of a minor sensation by gliding into the sidewalk cafes wearing the eye-opening dresses pictured here. Everybody admits that they're the hottest things seen in Gay Paree in years.

Though the astonishing new creations haven't reached the shops in this country yet (they're expected sometime in 1950), we managed to latch on to a few samples. One of TITTER's lovely models, Lana Holmes, took one look and insisted on slipping into them. She even wore them on the street and they created quite a stir, even in blasé New York

# Gay Paree!

Lana in her all-cellophane dress created a sensation on the street.

where nothing is supposed to make the citizens turn around.

Anyway, Lana poured her curves into the all-cellophane dress (you can see right through it) and when she appeared in broad daylight (upper right), the guys laughed fit to die. But you can bet this didn't mean they were unappreciative of the sights. Then she tried on the Gay Paree Half and Half (right) designed for summer wear. The cop on the beat chuckled his head off — but he liked it, too.

The other pair of revolutionary imported outfits are the inverted V (left), which starts at the gal's hips and opens abruptly all the way down to her ankles, and the Window Shade dress (above). The latter is a razzle-dazzler which goes up and down on the same principle as your window shade — but when Baby wears it, it's much more fun to work.

So just stick around till next year, men. The New Look may have cut out some of our fun. But it looks like a sure bet that the Bold Look will restore it — and then some!

This Half and Half too is designed for summer wear and you may soon see them in your home town.

Anything Goes When Artists Gather

# Art Student's Ball

A wild faun whispers sweet nothings into the ear of a lovely sultana.

As the cowboy and Indian make music, his gal whips out six-guns.

The leopard woman lies languidly across knees of smiling East Indian.

their World-Renowned Shindig!

oes SEXY!!

This strange couple, understood by nobody, was one of the hits of the gay evening.

Beauty and the beast were enacted by this couple, much to the delight of the thousands who attended the ball.

**E**VERY Spring in New York City the world-famed school for artists, the Art Students League, throws a gigantic masquerade ball for students and their friends. For sheer wild revelry the affair rivals Paris' still-more-famous Beaux Arts Ball, where everything goes. This year New York's Art Students League Ball was no exception. If anything, it was wilder than ever before, with curvy gals bouncing around, dancing, necking and standing on tables (see upper left) with practically nothing on. The students frolicked well into the morning and from all reports, a whale of a time was had by all.

# Blazing Redhead

IN CASE OF  
FIRE  
BREAK GLASS

**S**OUND the siren, Rollo! And hand me my helmet! This gal has lighted a fire in my heart! Redheaded Jackie Cavanaugh is such a sultry bundle of loveliness that the firemen are likely to get burned! In fact they look over-*come* already—and we can't blame 'em! A native of Old Ireland, 21-year-old Jackie adds up to spontaneous combustion no matter how you look at her, with her five-foot-six of soft curves, her flaming tresses and that tempting smile. She thought the "In Case Of Fire Break Glass" was a cute idea—and we expect a few hundred guys to dash out and join the nearest fire department. Outta our way, Oscar!

**Torrid Jessica Still  
Is the Most Sizzling  
Peeler in the Game**

Beaming with uncontainable emotion, Jessica Rogers performs a dynamic bump.

Vivacious Jessica flashes a tantalizing smile over a lovely shoulder as she starts her provocative disrobing act to the sensuous music.

## The WOW GIRL Whoops it Up!

**S**TRIPPERS come and strippers go — but the Wow Girl is still the most sizzling of them all. The Wow Girl, of course, is Jessica Rogers, who has been dazzling the citizens with her peeling act for almost 10 years. Today she's still one of the best in the business, and one of the highest paid. To see why, take a look at the pictures here. Jessica, in addition to having the attributes of all the other peelers (an assortment of exciting curves, torrid undraping movements, full knowledge of the tricks of the trade), has a vivacious, infectious manner which electrifies audiences. The moment she appears on stage this magical feeling is realized — and it never lets up until the climax of her sultry act.

Kicking high and throwing her arms in the air, Jessica shows the boys her exquisitely curvy body.

Now she sways gently to the throbbing music and the customers in the back row start to cheer and holler!

"Ooh," says the Wow Girl — and the maneuver causes the audience to answer, "Wow!"

This is the one, says Jessica, which always stops the show. She's tantalizingly removing her outer fringe.

Off comes the brassiere, and Jessica's eyes sparkle joyously. By now all the faint-hearted guys have gone home.

That's all, boys, says Jessica as she brings her act to a rousing climax. It's enough!

# Dolls for Men

**N**O matter how old guys get, the saying goes, they're still boys at heart. It figures, too. For when they're very small they just love dolls — dolls that say, "Mama," dolls that eat, dolls that can be dressed up. And when the guys grow up, they still love those dolls, the real live kind that can talk, shimmy, eat and drink. In the pictures here you can see a set of dolls the likes of which you won't see in a toy shop. But the little boy grown up still likes to play with them. He also still likes to feed them, to clothe them, to fondle them, to watch their antics and sometimes (see picture at right) to play hobby horse with them. You can't get away from it. No matter how old a man gets, he still likes to play around with his favorite dollie.

# rows His Desire to Play With Dollie

**1. WATCHING DOLLY:** Among Rollo's collection is a stripper who does torrid peel for him.

**2. FEEDING DOLLY:** This doll requires a good deal of food and drink. He doesn't mind.

**3. DRESSING DOLLY:** He gets kicks out of buying expensive clothes for this doll.

**4. PLAYING WITH DOLLY:** Here he and his doll baby romp on the floor, playing games.

**5. HUGGING DOLLY:** But he gets most fun of all out of games he plays with his hugging doll.

# When is her Weakest Moment?

It doesn't take much inquiring among the curvy chorus gals and luscious strippers of Broadway to learn they all have one big gripe about men. As a refreshing little beauty, Baby Lake, phrased it: "Ye Gods, don't men ever relax!"

What she meant, and this is an overall source of annoyance to members of the fair sex from Schenectady to San Francisco, is that men invariably seem to think that girls are *always* in the mood for loving.

Of course, the gentlemen think this way because they judge by how they themselves feel. It's hardly a deep secret that the average modern male is ready to drop practically anything (sometimes even his wife), at any moment of the day, night or year, to pant after an eye-filling beauty who is enticing him with the come-let's-cuddle-a-little-closer glance.

But in being like this, man is a phenomenon very rare — if not entirely alone — in the animal kingdom. In the fish and

## Think of The Time You'd Sav

fowl kingdoms too, for that matter. Even the cave man had some moments when he didn't feel like tossing the nearest fig-leaved maiden over his shoulder, to hurry her off to inspect the etchings in his stone apartment.

Modern women, too, have moments when they just don't feel like pitching woo. And, say our Broadway Beauties, any guy who persists in trying to blitz a gal's defenses when she's in such a mood is making a big mistake. He's usually brushed off too quick to be around when the mood changes and the lady is ready to get up and turn down the lights all by herself.

### Some Personal Research

We mention all this because now we see by the papers that the statistic-minded professors are finally getting around to charting the daily ups and downs in the average woman's gullibility to a wolf's call and caresses.

This, frankly, is a project that meets with our whole-hearted approval. Think of all the trouble and money we'd save by knowing the exact time of the day or night that is best for trying to coax a little loving out of the ravishing gals with the "come on" curves but the "no dice" lines!

In fact, we thought so much of the project that we decided to do a little research ourselves, to help out the professors. Of course you can't expect our findings to be as thorough as what the scientific fellows will produce. After all, they'll spend five or ten years getting theirs and will probably interview several hundred thousand women. We only spent a few weeks talking

## e By Knowing The Hour Baby's Most Eager For Lovin'!

to — and experimenting on — no more than a round dozen chorines. But, professors, we did have fun!

Our first finding might seem obvious to most people. But we didn't want to miss any bets. And if you've ever taken a sweater-filling honey for a country walk, or for a few lolls on the beach, you'll know why. Anyway, a bit of questioning, and a sore jaw, definitely proved that daylight is not the best time.

As beautiful singer Diana Manners put it: "Any yokel knows that 'spoon' rhymes with 'moon'. And besides, sunshine does ruin the complexion." Diana is right. The ladies are noticeably weaker (they told us) by moonlight, although the light of a radio dial in an otherwise dark room will substitute very well.

### The Bewitching Hour

After coming to these amazing conclusions, our next task was to find if there was any certain hour of the night when a modern miss is weakest to the call of love.

Take our word for it, professors, that hour is certainly not between six and eight. Every single gal we approached during that time had only one monotonous answer to any question asked, whether the question was one of scientific import or personal angling. The answer was: "I'm hungry."

And as for the hours between eight-thirty and eleven, Mr. Kinsey would be surprised at how many dames are more interested in occupying the hard seats at movies or stage shows than in necking on a soft sofa.

And at 11:30 what happens? She's hungry again.

So it's off to a nightclub for some Be Bop, pink ladies and sandwiches, at \$2.00 a throw. An hour or two of this and — well, if her defenses aren't weak enough for your tactics by now, you'd better quit trying. She's evidently saving her lovin' for some out-of-town buyer.

Which leads us to the conclusion popular with hep playboys in the Big Town: namely, that Baby's weakest moment is around 2:00 A.M. The gals we interviewed — and didn't get far experimenting with — all pretty well agreed on this time too.

Of course, if you live in a small town where they pull in the sidewalks at 10:00 P.M., you'll have to change that figure somewhat, of course. Instead of an hour or two in a nightclub, give her a few minutes over a hamburger and juke box and take a drive out along the Old Ox Road.

And there, professors, you have the results of Titter's research. You have our permission to incorporate the findings in your own report or not, as you see fit. But in any case, perhaps the best answer to the question "When is a girl's weakest moment" should not be figured by charts and graphs at all. Perhaps the most conclusive answer was that given by beautiful stripteaser Myrna Dean.

"Why, honey," she purred, "anyone knows a gal's weakest moment is just after a terrifically handsome man, with a dozen oil wells, has wrapped a \$20,000 ermine cape over her shoulders, brushed her ear with his lips, and whispered that he'll even marry her if she insists."

That, gentlemen, is the final word on the subject.

At left, you're treated to a magnificent view of Janet's exquisitely beautiful legs.

At right, Janet favors us with one of her warmest smiles. Aren't we lucky?

**Three Views**

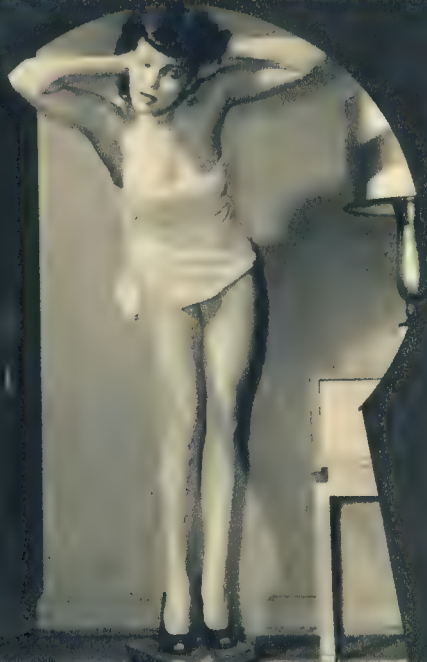

# Dazzling Damsel

**A** *N Irish lass from Dublin is colleen Janet Lane, who is 20 years old, five-foot-six and weighs 121 pounds. A lovely willowy figure topped by soft, blonde hair and a dynamic smile a snow man couldn't resist are among Janet's remarkable assets. And when she gives you a view of her shapely white back as she's doing here — well, we surrender!*

**for the Price of One of a Luscious Colleen**

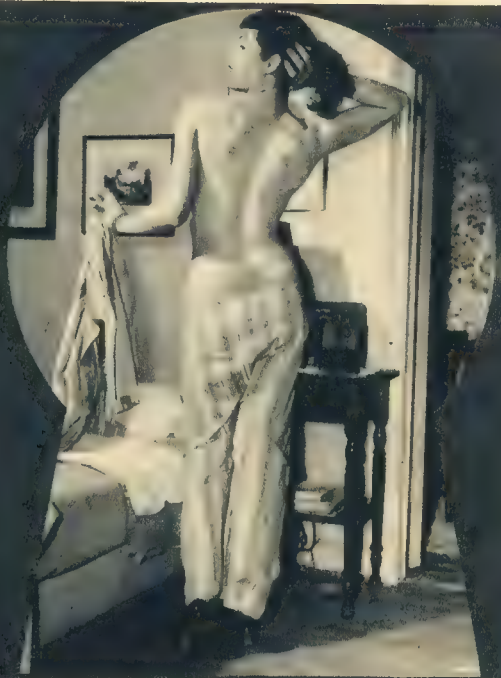

**THE MODEL:** She's careful of her weight and she always hops on the scales before she goes to bed.

**THE CAUTIOUS CHICK:** She's afraid, so she whips out her trusty rifle whenever she hears noise.

## ***Boudoir Secrets***

**THE STRIPPER:** When this one goes to bed, she takes off her daytime garments slowly and sensuously.

**THE OLD MAID:** Just when she's about to retire, she always looks under bed — hopefully, of course.

**THE ATHLETE:** She goes through a whole routine of setting-up exercises before she goes to sleep.

**THE ACTRESS:** She can't resist looking at herself longingly in the mirror just at bedtime.

**W**HEN it comes time to hit the old bed, most women go through so many preparations that you'd think they were going to the Junior Prom. At least that's what curvy Kevin Daly, the luscious model, was telling us recently. We prevailed upon her to show us what happens behind those closed boudoir doors at bedtime. So in the

eight keyholes here Kevin gives you a chance to sneak a peek at eight different types of gals and what they do just before they start grabbing shut-eye. Some bathe, some weigh themselves, some exercise, some stare into the mirror, some look under the bed — hopefully, of course. But no matter what, it looks like fun.

**THE BLUSHING BRIDE:** Note how she undresses — oh — so modestly — as she peeks out behind screen.

**THE SINGER:** Her routine at bedtime is to get into a sudsy bubble bath and then go through a song.

Ramona at Home

...She's

TERRIFIC

Voluptuous Ramona says she helps keep her beautiful curves in shape by violent exercises on roller skates.

Whether on the stage or off, Ramona enjoys snapping bubble gum, a childhood carry-over.

## as Exciting as When She's Doing Her Torrid Act!

**R**AMONA ARNOLD (stage name: Ramona), the voluptuous stripper we're visiting today, is a raven-haired, bubbling-over pepperpot who in a few short years has made a whacking success as a peeler. From the age of 13, energetic Ramona knew she wanted to strip and four years later — shortly after she broke in at a Los Angeles theater — she was one of the big names among newcomers.

Today, at 20, she's a definite wow! She has a breezy, devil-may-care peeling style, a breathtakingly curvesome body (35-inch bust, 25-inch waist, 37-inch hips) and a pair of half-closed sultry eyes, which when turned on a guy are enough to make smoke come out of his ears. She wrinkles her nose when she laughs, which is often. She has full, sensuous, moist lips.

Ramona lives alone in a Manhattan apartment, where she cooks her own meals. She says she's pretty good (best dish: Lobster Newburg). She chews bubble gum constantly, likes to munch raw carrots. She is an inveterate roller skater, sometimes even scooting around the house on wheels. She owns a wire-haired terrier, named Silly Milly because it's a little girl dog and is kind of stupid. Her favorite passions are men who send flowers (orchids, please), driving her convertible Buick with the top down and Mexican beer. She hates buttermilk, the movies ("Too tame for me") and men who act like big shots. She sleeps in a net nightie in one of twin beds.

Unlike many strippers, Ramona is serious about her work. When she's not working, she often goes out to catch other gals' acts. She says she picks up bits of business which help improve her own act. At the rate she's going, Broadway feels that there's no stopping her climb to the top. Ramona herself agrees. She predicts she'll soon be a star.

On stage, the black-haired beauty always presents a fiery disrobing act.

Ramona gets periodic attacks of telephonitis, she admits. During the times of the spell, she lies in bed and calls all her boy friends, regardless of the hour of night. Once she called a friend at 5 a.m.

Here's the practical joker: the comic swings a bat when he sees the shapely chorines peeking out at the audience.

EVERYBODY knows what goes on in a burlesque house. Girls dance and sing and strive to show, not tell, more. The acts are pure and funny. Most of their dance is meant to be unimpeachable. But few people know what goes on backstage. We sent our resident photographer back to see and his offbeat report is revealed here. It's something what you don't see at burlesque!

What You Don't See at the

# BURLESQUE

Once a week the G-string salesman comes backstage and peddles his wares to peelers.

Between shows, two strippers and a comic relax. Gals mend each other's outfits, but he chuckles at funnies.

Once in a while a fight will break out between gals. This one was waged over a date with a guy.

WHEN THOSE STRIP  
ARTISTS AREN'T WORKING  
WHAT GOES BACKSTAGE?  
AN INTIMATE GLIMPSE BY  
TITTER'S CAMERA

A strip craps game is another diversion. The poor comedian might lose his baggy pants.

A tip of the hat and a flash of a blue eye help make Bonnie the bonniest blonde around.

Just take a gander at those lush gams, so enticingly encased in sheer black hose.

**T**HIS delightful and dazzling doll is Bonnie Blair, a Chicago girl who's become the favorite model of scores of artists since she came to New York. The statistics,—which don't half tell the story of her bubbling-over personality,—say she's five-two, eyes of blue, plus a perfectly proportioned body of 34-inch bust, 22-inch waist and curvy 34-inch hips.

*Goin'  
My  
Way?*

Note the pert dimple and the full moist lips as Bonnie makes with her most-exciting come-hither look.

# Hong Kong Blues!

**T**HE fabulous seaport colony of Hong Kong is known around the world for its wicked life after dark. There, as every sailor knows, a stranger can find wine, women, song and every other kind of play devised by man. Most of the sins of this city of sin are tied up with its women — and this is the story reflected here in the fiery dance of Varva Kenyon and Jerry James.

She sways toward him when she hears music.

The visiting sailor meets a half-breed gal.

Now he dares turn his back to sultry gal.

To fight or to dance — that's the question.

She pulls a knife — but he's alert to danger.

He lifts her high as they struggle for knife.

the sailor dominates his dark-haired foe.

He throws her stiffened body high in air.

She tries to entice him with her soft look.

But the tough sailor pulls her by long hair.

The victor, he carries her off triumphantly.

Does Sunny Look Like a Dazzling Honey to You?

# How's She Look to You?

To her mirror the thing in the morning, Sunny's not so glamorous. But that's only from the looking glass' viewpoint. We disagree!

To the boys at the corner, she might look something like this.

## Well, It All Depends on Your Point of View!

If you were walking down the street and spotted the lovely lines of model Sonny Rogers, you'd undoubtedly spring to attention and make with a loud, resounding, "Boiinnngg!" That would be your reaction, but surprisingly enough everybody wouldn't react the same way. The psychologists say it all depends on the point of view.

For instance, if another gal (say a rival for Sonny's boy friend) saw her at the exact moment — she'd notice nothing except her clothes and would probably make a couple of catty remarks about them. If her kid brother saw her, he'd look the other way and think what an old, old person she had become (almost 21). If her dentist saw her, he might think only about her teeth and that last extraction he made. If her grammar

school teacher saw her, she'd mentally picture her throwing great big spitballs.

We've tried to see how this works out. In the pictures on this page we show you four approaches to Sonny, as she might appear from four different points of view. You see her as she looks to the boys standing in front of the corner cigar store (no clothes); as she looks to her mirror first thing in the morning (pretty bedraggled); as she looks to herself when she's going out on a heavy date (sultry, sophisticated), and, of course, how she will always look to her mother (just a baby).

Now you know the rules. Try it on your girl. Just for fun try to picture how she might look from half a dozen different points of view.

To herself when she's going out on a heavy date, she's glamorous.

But no matter how old she gets (Sonny's almost 21), she always looks this way from her mother's point of view: In a diaper, with a bottle of milk and toys.

In India, carnivals feature reverse strips — gals start nude, and slowly get fully dressed.

In some parts of Spain, the chick does the serenading as the guy with rose in his teeth swoons.

In Holland on Halloween blindfolded man in wooden shoes chases his chick.

**A** MERICANS have become so used to thinking of the U.S. as the best country in the world that often they think that our customs are the only ones going. They'd be surprised to learn that different countries in the world have produced eye-opening customs, far removed from anything we've ever thought of. Some of these strange and fascinating practices are pictured here. In Spain, the gal sometimes serenades the boy on a balcony. In Finland, a husband spansks his wife with a ladle. In Sweden, wives sometimes pay the alimony. And in parts of India (where the sight of an unclothed gal is no novelty), they have reverse strips — in which gals start with nothing on and slowly put on all their clothes. You can say it again! In foreign lands they do it differently!

1. Here's a trick to mystify your friends. Take an orange.

2. Cover orange with a napkin. Tap it with your magic wand.

3. And presto! Before your very eyes, orange becomes apple.

## THE MYSTERY EXPLAINED

Apple inside of orange is difficult for audiences to detect. When you remove napkin from orange, you whisk away peel, too — transforming orange.

Before you perform the trick, slice orange peel (←) as in picture at left. Then place apple within the sliced orange and neatly close sliced edges.

# YOU SAID IT

Dear Editor,  
I agree with Gregg Sherwood, when she says, in your June issue, that no man will ever take her over his knee and spank her! Why the very idea! Me allow a husband or boy friend to wallop me with a hair brush across thin panties? Why my Mom stopped spanking me after my 14th birthday. I could NEVER love a man who'd spank my bottom!

Louise Barr, New York City.

Dear Editor,  
Baby Lake is right! I could NEVER love a man who didn't take me across his knee and soundly spank me when I need it (which is often). My husband not only takes the hairbrush to me now — but he did when he was courting me. That's his privilege. It's very painful, because my hubby is thorough and he leaves no protection on my seat of learning when he spans me, but I recognize his right to wield a hairbrush, strap, or any other corrective implement where it will do me the most good. I'm married to a MAN, and he takes no nonsense from me.

Mrs. Charles L. M., Chicago, Ill.

Dear Editor,  
I don't understand your American girls. When I was a tiny tot my Mother spanked me with her palm. Later Mummy and Daddy slipped me or hairbrushed me — and jolly hard too. In school all of us girls were soundly birched on our panties when we were naughty (the boys were caned — I know because we were peeked). But, where is the argument? Of COURSE women must be punished. I guess I'll never understand American women — nor American men if they don't assert their right to chastise their women!

Pamela B. T. L., Toronto.

Dear Editor,  
You don't print enough pictures of gorgeous girls wearing tightly laced corsets. Maybe a lot of readers don't like them, but you are disappointing ME, I can tell you! PLEASE, Mr. Editor, more pictures of shapely damsels, laced until they can scarcely breathe. There is NO substitute for this essential beauty aid! More corsets!

Marvin R., Denver, Colo.

## Now You Can "Keep Them in Stitches" With These Amazing Laugh-Getters!

How would YOU like to be the most popular one in your whole crowd? Always coming up with the snappiest answers—the "richest" stories and sly jokes that always get the most winks and knowing smiles? Here's how you can DO IT! THE GOOD HUMOR BOOK—brand new, just published, is the top-ranked laugh-getter ever printed. It's cram-jam-packed with the funniest, frankest gold-mine of jokes, gags, limericks and breezy stories ever put together. Simply thumb through this giant volume—and you'll find laughs to keep your whole gang howling for months to come! No fooling—here's the greatest "party warmer-upper" you ever saw. You won't tell some of the jokes or show some of the 1,000 pictures, to your maiden aunt. But—well, you get the idea! Never has there been such a sure way to panic 'em wherever you go. Here's the cream of the broadest range of jokes, the most uproarious stories, pictures and cartoons, by America's funniest comedians, cartoonists, and private entertainers. You've never seen anything like it. You've never seen anything work the way this book will work. It'll make you popular! And you can PROVE it right now at our risk!

## Raves from Coast to Coast! WOULD BE BANNED

"Its contents will have the nation roaring with hilarity, delight. The cartoons are the best of their kind. There are some jokes that can't be shared on the air. They'd be banned, but they're sure funny." —Station KYA, San Francisco.

## TOPPED THEM ALL

"The Dayton Daily News office echoed with occasional laughter, chuckles, horse laughs and whatnot when the Good Humor Book was taken from its packaging and wrappings. Newspaper people usually have a generous supply of jokes and cartoons on hand but the new volume topped them all." —Dayton News.

## SPICY JOKES, GAGS, LIMERICKS

"The Good Humor Book is the biggest bargain which has crashed the field of laughs, because Editor Robert Rango has assembled more than 1,000 cartoons by America's funniest pen-and-ink artists who do their stuff for the smartest magazines and newspapers. Wedged in between these pictorial laughs are hundreds and hundreds—maybe thousands—of spicy jokes, gags, limericks, puns, toasts, anecdotes." —Lexington Herald-Leader.

## EVERYTHING THAT'S FUNNIEST!

Jokes, Wiser-cracks, Riddles, Rhymes, Puns, Gags, Limericks, Anecdotes, Toasts, Jingles . . . plus over 1,000 hilarious cartoons (more than in any other book ever published!) by such as topnotchers as Campbell, Day Flagg, Machamer, Rea, Holman, and scores of others too numerous to mention!

## SEND NO MONEY—EXAMINE IT FREE

Mail the coupon below, and your own big copy of the GOOD HUMOR BOOK will be rushed to you at once. # Savage Rhythm

Her ebony skin excitingly accentuated by a white Bikini bathing suit, Louise strains with emotion as she begins her daring dance of the jungle.

Increasing the tempo to the beat of the incessant tom-tom, Louise strikes a pose, back to camera. Note how her shapely leg muscles strain.

Now Louise sways back and forth as her dance gets more and more torrid. With her lithe, springy muscles, she makes an exciting picture of fiery rhythm in this savage dance.

## A Torrid Broadway Dance

**T**HE writhing excitement of a dance straight from the heart of the jungle is captured here in all its savagery by Louise Fitzpatrick, a Broadway dancer with a pulse-quickenning act. Currently, Louise is performing her fiery dance at a New York night club, and critics and patrons alike have hailed her act.

The dynamic dance reaches its fiery climax as Louise throws her body writhingly forward.

# How to Make YOUR Body Bring You FAME

... Instead of SHAME!

ARE YOU  
Skinny?  
Weak?  
Flabby?

Will You Let Me  
Prove I Can Make You  
a New Man?

I KNOW what it means to have the kind of body that people pity! Of course, you wouldn't know it to look at me now, but I was once a skinny weakling who weighed only 97 lbs! I was ashamed to strip for sports or undress for a swim. I was such a poor specimen of physical development that I was constantly self-conscious and embarrassed. And I felt only HALF-ALIVE.

But later I discovered the secret that turned me into "The World's Most Perfectly Developed Man." And now I'd like to prove to you that the same system can make a NEW MAN of YOU!

## What "Dynamic Tension" Can Do For You

I don't care how old or young you are or how ashamed of your present physical condition you may be. If you can simply raise your arm and flex it I can add SOLID MUSCLE to your biceps—yes, on each arm—in double-quick time! Only 15 minutes a day—right in your own home—is all the time I ask of you! And there's no cost if I fail.

I can broaden your shoulders, strengthen your back, develop your whole muscular system INSIDE and OUTSIDE! I can add inches to your chest, give you a vise-like grip, make those legs of yours lithe and powerful. I can shoot new strength into your old backbone, exercise those inner organs, help you cram your body so full of pep, vigor and red-blooded vitality that you won't feel there's even "standing room" left for weakness and that lazy feeling! Before I get through with you I'll have your whole frame "measured" to a nice new, beautiful suit of muscle!

## Only 15 Minutes A Day

No "ifs," "ands" or "maybes." Just tell me where you want handsome, powerful muscles. Are you fat and flabby? Or skinny and gawky? Are you short-winded, peppy? Do you hold back and let others walk off with the prettiest girls, best jobs, etc.? Then write for details about "Dynamic Tension" and

learn how I can make you a healthy, confident, powerful HE-MAN.

"Dynamic Tension" is an entirely NATURAL method. Only 15 minutes of your spare time daily is enough to show amazing results — and it's actually fun. "Dynamic Tension" does the work.

"Dynamic Tension!" That's the ticket! The identical natural method that I myself developed to change my body from the scrawny, skinny-chested weakling I was at 17 to my present super-man physique. Thousands of other fellows are becoming marvelous physical specimens—my way. I give you no gadgets or contraptions to fool with. When you have learned to develop your strength through "Dynamic Tension" you can laugh at artificial muscle-makers. You simply utilize the DORMANT power in your own body—watch it increase and multiply into solid LIVE MUSCLE.

My method — "Dynamic Tension" — will turn the trick for you. No theory—every exercise is practical. And, man, so easy! Spend only 15 minutes a day in your own home. From the very start you'll be using my method of "Dynamic Tension" almost unconsciously every minute of the day—walking, bending over, etc. — to BUILD MUSCLE and VITALITY.
